Brand New Book ***** Print on Demand *****.ShortWorks Theology Issue Today it seems the modern world is moving with ease and confidence towards a determined future under the control and coordination of technocratic societies where religion plays an ever smaller role. But on the other hand, religion seems to be the dominant force affecting culture and politics in the twenty-first century. Karsten Kreutzer, theologian and pedagogical director for religious studies in Freiburg, Germany, takes a closer look at this phenomenon. ShortWorks is an independent publishing group that compiles short, compelling works, from arts, music and literature to social criticism and history to science and technology.
