### Reviews

*The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.*

Leland A Method of Developing and Strengthening the Faculties of The Mind, Through the Awakened Will, by a Simple, Scientific Process possible to any Person of Ordinary Intelligence It is worth noting that, were it for nervous invalids alone, or those who from various causes find it difficult to sleep, or apply the mind to work, this book would be of unquestionable value. In fact, even while writing this chapter, a lady has called to thank me for the substantial benefit which she derived from my advice in this respect. And, mindful of the fact that Attention and Unwearied Perseverance are most necessary to succeed in such processes as are here described, I have taken pains to show or explain how they may be rendered more attractive, tolerable, and habitual to the fickle or light-minded; this, too, being a subject which has been very little considered from a practical point of view. But, above all things, I beg the reader, laying aside all prejudice or preconceived opinion, and neither believing nor disbelieving what he reads, to simply try it—that is to test it in his own person to what degree he can influence his will, or bring about subsequent states of mind, by the very easy processes laid down. If I could hope that all opinion of my book would be uttered only by those who had thus put it to the test, I should be well assured as to its future. And also I beg all readers, and especially reviewers, to note that I advise that the auto-suggestive process, by aid of sleep, shall be discontinued as soon as the experimenter...
