

Practical Digital Evidence - Part I and Part II (Paperback)

By Dr Ehud Roffeh

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Between justice and technology - digital evidence in practice is about to change this reality. This book is designated for lawyers and will be a bridge between two worlds perceived as distant one from the other - the world of justice and the world of technology. This book incorporates a wide range of subjects, terms and scenarios and integrates the four aspects that constitute every single legal issue: factual circumstances, evidential aspects, professional data and forensic analysis. This book was written after many years of experience and of providing advice in hundreds of complicated legal cases, civil and criminal including cases involving money laundering, rape and murder. Alongside the in depth legal analysis of previous cases, this book presents legal research conducted around the world during the past years - and mainly research conducted in the United States and England. Between justice and technology - digital evidence in practice deals with the complicated issues deriving from the inevitable connection between man and technology. The idea behind this is to remove the interference that has been created between...
