Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.When European sauces met Native American meat smoking and hardwoods the result was an ingestible magic. Since that time, Barbecue in America has grown to a proud national culinary tradition, treated with a friendly ferocity and pride by its millions of devotees. This book will get your foot out the door and into what you will soon discover is a diverse and engaging world with information on how to smoke meat, without spending lots of cash on a smoker, and how to make some different sauces from the various states in the barbecue belt (and of course how the smoke, meat, and sauce should all be working together). It s rounded out by a few traditional side dishes and desserts that are typically served with barbecue. So if it s ribs or chicken for the game, or maybe some pulled pork sandwiches, this book will give you what you need to get a professional taste with a beginner s budget every time.
